## OVERVIEW

The purpose of this qualification is to raise awareness of Retrofit in a general way while focusing on PAS 2035. The content allows learners to gain knowledge on the key topic areas to do with the retrofitting of buildings.

This qualification is aimed at learners aged 16 and above who have recently entered into the construction industry. This qualification is also suitable for tradespeople who desire to develop or improve their knowledge of retrofit in the construction industry. It is also for those without retrofit experience (electricians, joiners, plumbers, plasterers, bricklayers etc) who may wish to work in the related field of retrofit professional roles such as a retrofit assessor.

## TOPICS INCLUDE

- Understand safe working practices for the retrofit industry.
- Understand the benefits of PAS 2035 when working in the retrofit industry.
- Understand the impact of PAS 2035 when working in the retrofit industry.

## ENTRY REQUIREMENTS

This course is suitable for anyone looking to understand and pursue a career in Retrofit.
